

Alpex solar Finland

Are ALPEX solar panels good value for money?

Alpex Solar Panels are considered good value for money by our experienced team at Marlec. They offer a durable frame and good photovoltaic cell performance, making them an excellent choice for both professional and leisure uses.

Who is ALPEX solar?

Alpex Solar Ltd., a leading SME-listed solar panel manufacturer since 1993, is headquartered in Greater Noida, India. Our state-of-the-art, vertically integrated facility boasts a fully automatic production line, overseen by a team of 250 dedicated professionals.

Are ALPEX solar panels ISO9002 certified?

Alpex is an ISO9002 certified manufacturing facility for solar panels. Their solar panels are backed up by the international standards IEC61215 and UL1703. Using solar panels to generate your own power for batteries to be fully charged is simple for any off-grid application.

Are ALPEX solar panels UL certified?

Alpex solar panels are backed up by the international standard UL1703. Alpex is an ISO9002 certified manufacturing facility and their solar panels are also certified against degradation from salt mist corrosion. The models over 30W have anti-reflective coated glass to improve light transmission to the cells.
