What makes buskowitz a good company?

It is an open culture that encourages collaboration and teamwork among company members and mentorship with and from the board of directors. The group has over 150 employees globally, mainly in Europe and South East Asia. Buskowitz believes that sustainability is the true bottom line.

Since its establishment in 2016, Buskowitz has been the leader in the C& I renewable energy space, successfully completing marquee projects such as the 3.2MWp project for SM City Santa Rosa, which is the largest single roof solar energy system in any commercial mall in the Philippines.

In addition to scaling its installed capacity, the partnership with PATRIZIA and Mitsui will provide resources for new initiatives that help clients achieve sustainability goals. ...

"With ASIF's extensive experience in renewable energy globally, we are well-positioned to expand our capacity and explore new opportunities in the renewable energy sector, driving sustainable development in the Philippines."

"I think the reality is that there's so much potential in the solar market... as the business grows, we're looking at additional land," said Saji Anantakrishnan, head of Australia and Asia Infrastructure at PATRIZIA.

"Overall, our goal is sustainability and developing renewable energy. Solar has been the path of least resistance as the solar rooftop segment alone is a huge market that is already underserved," Mr. Buskowitz said.

In 2012, Buskowitz Energy founded ERA Energy Renewables Asia, an engineering, procurement, and construction company for solar panel installations and solar systems. Shortly after, Buskowitz Finance was founded to answer the development and financial needs of clients.

In addition to scaling its installed capacity, the partnership with PATRIZIA and Mitsui will provide resources
