

Belize elat solar

Who is Elat solar?

ELAT solar is building bridges, with the guarantee of sustainability in the future. A promise we're bound to deliver on. How We Work. We are the solar panel manufacturer your customers are looking for. And we can prove it, with extremely high performance thanks to our cutting-edge technology. Make an appointment and place your order.

Why should you choose Elat solar?

At ELAT Solar, we are building bridges to a sustainable future, making the world a better place with our high quality solar panels and extensive experience in the industry.

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Where are Elat products developed?

Our products are researched, designed and developed in the center of the ELAT region, the technology-driven triangle between Eindhoven, Leuven and Aachen, allowing us to build bridges between three highly technologically developed countries and their excellent knowledge instances.

Researched, designed and developed in the center of the high-tech ELAT region, keeping an eye on the world. Our solar panels are not only suited for western European climates, but also perform particularly well in maritime climates and ...
