

Bermuda best quality solar panels in the world

How can solar panels be used in Bermuda?

Deploy solar panels in discrete locations to meet Bermuda Government and satisfy listed building planning regulations. Optimize available ground space and create economies of scale while effectively addressing aesthetic considerations. Construct a dedicated facility designed for solar installation that doubles as a shade provider or carport.

Who is Bermuda Engineering Company Limited?

Bermuda Engineering Company Limited was founded in 1935 by Gordon Hamilton Burland, a Bermudian renewable energy pioneer and engineer. Back then, he built the first clean energy microgrid in Bermuda and demonstrated bold energy leadership for his time. In 2010 the company was reinvigorated and has been operating as BE Solar since.

Do solar panels withstand hurricane-force winds?

We understand the challenges of designing solar systems in a salty, corrosive climate. We prioritize sourcing smart technology and materials to guarantee durability and reliability. Our solar panels withstand hurricane-force winds, are backed by a 30-year energy production guarantee and paired with Enphase IQ microinverters.

By partnering with Maxeon as their exclusive dealer in Bermuda, AES is the only solar company on island equipped to install the world's most durable and efficient panels. Our partnership with Maxeon allows us to maximize savings and the return on investment for our customers.

We invite you to take the first step towards a brighter, greener future. By choosing our solar solutions, you can lower your energy costs and reduce your carbon footprint. We're here to make the transition to clean energy easy for you.

Introducing the newest addition to our product catalogue: roof-white solar panels! Exclusively available from Greenlight Energy, we proudly introduce award-winning quality that intersects with ground-breaking, almost invisible design.

Not all panels are designed to withstand Bermuda's harsh climate; that's why we install Maxeon, the market's most durable panel with an industry-leading 40-year warranty. All of our first ...

Not all panels are designed to withstand Bermuda's harsh climate; that's why we install Maxeon, the market's most durable panel with an industry-leading 40-year warranty. All of our first installations from 2008 are still fully operational and are ...
