

The Asian Development Bank (ADB) signed a transaction advisory services mandate with Cambodia's national utility company 'lectricit' du Cambodge (EDC) to support the development of 2 gigawatts (GW) of solar power in Cambodia. The mandate will help the country achieve its goal of carbon neutrality by 2050.

The first phase of the scheme is specifically targeting lithium-ion battery energy storage system (BESS) projects while a second auction will be carried out for pumped hydro energy storage (PHES) projects, Terna's two "reference" technologies chosen for their technological and commercial maturity.
