

19 Nov 2024; In a move towards regional energy cooperation, India's integrated power company Tata Power has partnered with Bhutan's Druk Green Power Corporation Ltd. (DGPC) to ...

The Ontario Independent Electricity System Operator (IESO) has made Canada's biggest energy storage procurement to date, selecting nearly 1.8GW of projects through a Request for Proposals (RFP). ... (APS) for a large-scale standalone battery energy storage system (BESS) project.

The energy storage arm of Chinese solar PV inverter manufacturer Sungrow announced the signing of an agreement earlier this week with renewable energy company MSR-Green Energy (MSR-GE) for the 100MW/400MWh project in Sabah, a state in northern Borneo.

The request for proposals (RFP) has been released for the third BESIPPPP procurement, for five battery energy storage system (BESS) projects totalling 616MW/2,464MWh. They will be located at substations run by grid operator Eskom in the Free State province - Harvard, Leander, Theseus, Everest, and Merapi - and bids are due by 31 July 2024. ...

Overall, procurement for battery energy storage system (BESS) projects can often be so complex that important details can easily be overlooked. Missteps may lead to significant costs down the road, including unexpected change orders, poor system performance and, in the worst cases, safety issues once assets are in operation. ...

1 Nov 2024; The Tata Power-Druk Green partnership aligns with the vision of Bhutan, which aims to increase its overall generation capacity to 25,000 MW by 2040. Shreya Sur. 19 Nov 2024, ...

The foundation of a successful battery energy storage system (BESS) project begins with a sound procurement process. This report provides insights into the art of assessing the need for and value of BESS and presents a procurement framework. It is intended for electric cooperatives which have limited experience with BESS deployment.

2GW Ontario storage procurement. Following the province's largest ever energy storage procurement, the IESO is launching a second procurement (LT2 RFP) which the system operator will split into three different streams to secure capacity and energy into the ...

The real thought is given to end-of-life solutions for BESS in the battery procurement contracts: between EPC and BESS supplier in the first example, or between system integrator or developer and BESS supplier in the latter. ... Battery recycling companies even today tell Energy-Storage.news that whether they have to pay for

batteries or are ...

Opening of a distribution system-connected battery storage system in Delhi, India. Image: Tata Power DDL. New guidelines for procurement and utilisation of battery energy storage systems (BESS) as assets for generation, transmission and distribution and ancillary services have been published by India's Ministry of Power.

Clean Horizon, an energy storage consultancy that supports developers and investors in the procurement of energy storage solutions, shares views on the current trends in equipment prices and technological advances observed, as well as on the procurement strategies that can be applied in order to achieve lowest costs with acceptable performances and ...

Seasoned renewable energy lawyer Adam Walters from Stoel Rives argues that procurement in the battery storage space is currently like a sort of Wild West. Here, Walters describes to Energy-Storage.news editor Andy ...

Battery Energy Storage Procurement Framework and Best Practices 4 Battery Energy Storage Procurement Framework This section provides an overview of the steps required to procure and deploy a BESS project. It starts with guidance on developing a strategic assessment of the rationale for the BESS. This is followed by a

Solar-Plus for Electric Co-ops (SPECs) was launched to help optimize the planning, procurement, and operations of battery storage and solar-plus-storage for electric cooperatives. SPECs was selected by the U.S. Department of Energy's National Renewable Energy Laboratory (NREL) for Round 2 of the Solar Energy Innovation Network (SEIN).

Richard Wagstaff, head of procurement at energy storage investor-developer Gore Street Energy Storage Fund, participated in a panel discussion on the Battery Passport from an end-user perspective at the 2024 edition of the Energy Storage Summit EU, hosted in February by our publisher Solar Media.

Even Tesla needed to put its EV operations' demands ahead of its own BESS business last year. Image: SRP. Energy storage system integrators are diversifying their procurement strategies to ease supply chain constraints, ...
