MG Energy Systems B.V. - About us. MG specializes in high-end battery system solutions, featuring innovative technologies for optimal performance, ideal for full-electric and hybrid marine propulsion systems, off-grid and mobile industrial or automotive applications.

MG Energy Systems B.V. is the result of two study mates (Mark & Gerard) deciding to participate in a solar boat race. When creating a solar boat they discovered the absence of a good BMS (Battery Management System). These systems regulate the voltage, current and temperature of the lithium-Ion batteries.

MG Energy Systems specializes in high-end lithium-ion battery system solutions, featuring innovative technologies for the best performance. These lithium-ion battery systems are ideal for full-electric and hybrid marine propulsion systems, mobile/automotive applications and off-grid/Industrial energy storage systems. Discover all about the MG ...
