Why did Bruynzeel create a rectangular museum?

The rectangular solutions of Bruynzeel had to find a place within the special spherical shape of the museum. And in such a way that the available space was used optimally. Only with a sophisticated layout can you store 151,000 artefacts of all shapes and sizes in the available space. Bruynzeel has been entrusted with that.

It is Bruynzeel's mission to support companies worldwide in reducing their CO2 footprint by using Bruynzeel space creating solutions. Only Bruynzeel can deliver solutions globally that combine the highest footprint reduction with the most ...
