Get all the information about Cirro Energy Group, LLC (Cirro Energy Group), a company operating mainly in the Electric Power sector. Connect with its key contacts, projects, shareholders, related news and more. The company has operations in Puerto Rico, which include Electric Power Producer.

Will Morocco invest \$1 billion in solar & wind power?

Morocco has set a goal of investing \$1 billion per year in solar and wind power, and increased domestic renewables would cut its energy import bill by \$15 billion per year. According to Leila Benali, Morocco's energy minister, this would be supplemented by a 300% growth in private investment.

How can Morocco improve its energy security?

As a net energy importer seeking to improve its energy security, Morocco has stepped up initiatives to achieve a level of domestic energy sovereignty. This includes following guidelines for transitioning to cleaner energy sources, with an emphasis on diversification.

How much solar power does Morocco have?

Morocco has an average solar potential of 5 kilowatt hours (kWh) per square meter per day, although this varies geographically. Total installed capacity from solar energy currently stands at 831 MW. According to the Ministry of Energy Transition, and Sustainable Development, Morocco could potentially generate 25,000 MW of wind power.

Does Morocco have a wind energy plan?

Despite this, over 50% of the wind energy projects in Morocco are being developed by the private sector. Morocco has set a goal of investing \$1 billion per year in solar and wind power, and increased domestic renewables would cut its energy import bill by \$15 billion per year.

What is Morocco's Energy Roadmap for 2019-2030?

Law 48-15: Regulates the electricity sector and establishes a National Electricity Regulatory Authority. Looking ahead, Morocco's roadmap for 2019-2030 outlined the addition of 4262 MW of capacity, primarily from renewables (99.5%). This includes specific targets for wind, concentrated solar power, solar photovoltaic, and biomass energy.
