

Are Freudenberg fuel cells suitable for heavy-duty applications?

Image 2: Designed for long service life and highest possible system efficiency: Freudenberg fuel cells are tailored to heavy-duty applications right from the start. Freudenberg e-Power Systems is one of the world's leading suppliers of emission-neutral energy systems for heavy-duty applications.

How do the Cocos (Keeling) Islands communicate?

The Cocos (Keeling) Islands have access to a range of modern communication services. Digital television stations are broadcast from Western Australia via satellite. A local radio station, 6CKI - Voice of the Cocos (Keeling) Islands, is staffed by community volunteers and provides some local content.

What power does Western Australia have over the Cocos Islands?

The Act also gives Western Australian courts judicial power over the islands. The Cocos Islands remain constitutionally distinct from Western Australia, however; the power of the state to legislate for the territory is power-delegated by the federal government.

What is the difference between Cocos and Keeling Islands?

The islands have been called the Cocos Islands (from 1622), the Keeling Islands (from 1703), the Cocos-Keeling Islands (since James Horsburgh in 1805) and the Keeling-Cocos Islands (19th century). Cocos refers to the abundant coconut trees, while Keeling refers to William Keeling, who discovered the islands in 1609.

Is Freudenberg a good battery company?

Freudenberg also has many years of experience with battery systems in the heavy-duty sector and is among the market leaders in its target segments. Well over 60 million kilometers driven with Freudenberg's battery systems illustrate this success.

Freudenberg e-Power Systems battery technology focuses on the development, production, assembly, and field service of complete battery systems for applications in the medium to heavy-duty truck, bus, marine, mining and specialty applications. Thanks to our vertical integration, all energy and power system developments are carried out in-house.
