

Cola solar reviews Norfolk Island

Does Norfolk Island have too much solar energy?

That's pretty impressive given its remoteness and a population of 1,849. But this uptake has also caused some headaches in managing Norfolk Island's electricity network, with too much solar energy goodness generated at times. The Tesla battery system installed in December 2020 has helped out on that front.

How many solar panels are there in Norfolk Island?

44 km of high and 44 km of low voltage cabling. Distributed household rooftop PV systems. There have been more than 555 small-scale solar power systems installed on Norfolk Island, with a collective capacity of 1,770 kW. That's pretty impressive given its remoteness and a population of 1,849.

Are Cola solar a good company?

Cola Solar had good reviews, they were prompt and professional so we decided to choose them. We had a fantastic experience with Cola Solar and I would highly recommend them to family and friends. Sarah Rowan from Victoria was impressed with the Customer service from start to finish, and also after-sales help.

Who is Cola solar?

Cola Solar is a family owned business servicing homes and businesses throughout Central Victoria which includes Bendigo, Ballarat, Shepparton, Echuca, Horsham and all the smaller towns.
