What is the Energy Storage Summit Asia?

Returning for its third edition in 2025, the Energy Storage Summit Asia remains the region's premier networking event for the energy storage industry. Building upon the success of previous years, our summit offers a unique platform for professionals to connect, collaborate, and drive innovation.

Why is electrochemical energy storage important in Hong Kong?

In Hong Kong, electrochemical energy storage and conversion plays an important role in net-zero electricity generation and green transport, which are the two major decarbonisation strategies in Hong Kong's Climate Action Plan 2050 in response to the Paris Agreement.

What is the PolyU Science Workshop on electrochemical energy storage & conversion?

We are pleased to welcome you to the PolyU Science Workshop on Electrochemical Energy Storage and Conversion Towards Carbon Neutrality hosted by the Faculty of Science of The Hong Kong Polytechnic University (PolyU), which is also one of the workshop series, celebrating events of the PolyU 85th anniversary.

When is the 2023 sustainable Taiwan Expo?

The 2023 Sustainable Taiwan Expo (TASS2023), one of the influential sustainability exhibitions and ESG solutions platforms in Asia, will take place from November 22nd to 24th at the Kaohsiung Exhibition Center. This year, "..." more

Which non lithium energy storage companies did a weak 3rd quarter results?

Eos, ESS Tech Inc and Energy Vault, the three big-name non-lithium energy storage firms that listed via SPAC deals, saw weak third quarter results. The US battery storage system integrator arm of Korean battery manufacturer LG Energy Solution (LG ES) has signed a 4-year supply deal with developer Terra-Gen.

What is International Green Energy Expo & conference 2023?

International Green Energy Expo & Conference 2023 is the largest photovoltaic B2B exhibition in the country. It is a representative event in which major global photovoltaic firms participate as official sponsors. We open the... more

A roundup of energy storage news from across the EU, involving Polar Night Energy's "Sand Battery" in Finland, GazelEnergie and Q Energy in France, and Spain's MITECO awarding financial support to 45 projects.

Don't miss The Battery Show Asia that is happening 15-17 July 2025 in Hong Kong, bringing together the leading innovators & engineers in the battery industry. Positioned as the premier ...

From disruptive technologies like microgrids, building management systems, and blockchain-enabled energy

# Energy storage events Hong Kong

systems to game-changing options such as hydrogen and advanced energy storage, the panel will uncover groundbreaking ideas ...

A roundup of energy storage news from across the EU, involving Polar Night Energy's "Sand Battery" in Finland, GazelEnergie and Q Energy in France, and Spain's MITECO awarding ...

December 20, 2023: Chinese battery giant Contemporary Amperex Technology (CATL) is to set up a major R& D hub in Hong Kong as part of plans to invest HK\$1.2 billion (\$154 million) to promote new energy technology innovation ...

In Hong Kong, electrochemical energy storage and conversion plays an important role in net-zero electricity generation and green transport, which are the two major decarbonisation strategies in Hong Kong's Climate ...

For example, during extreme weather events, a local grid can draw power from a nearby energy storage project. Energy storage will soon be a mainstream investment choice Although energy ...

HONG KONG, Sept. 20, 2024 /PRNewswire/ -- The Battery Show, organized by Informa Markets, is a globally recognized platform for cutting-edge battery technology, energy storage solutions ...

The Global Energy Transition Congress & Exhibition (GET) is a premier event that connects thought leaders, innovators, and industry experts from the energy, hard-to-abate sectors, finance, and start-ups to address the critical challenges ...

To estimate the impact of extreme weather events on power shortages in Hong Kong, a predictive model is developed utilizing detailed power outage data from catastrophic windstorms in ...
