

Enerox cellcube Guinea-Bissau

Does enerox have a cellcube battery?

Enerox's Cellcube battery storage paired with solar generation at a commercial and industrial project site. Image: Cellcube-Enerox. South African vanadium producer Bushveld Minerals is investing US\$7.5 million in vanadium redox flow battery (VRFB) energy storage company Enerox, which is planning to scale up its manufacturing capabilities.

What's going on with cellcube & enerox?

The primary vanadium producer has entered into conditional agreement for a complex deal that will effectively increase its holding in Austria-based Enerox, better known by its brand name CellCube, from around 25% to 27.6%.

Does Bushveld Minerals own cellcube?

Bushveld Minerals is restructuring its investment in vanadium redox flow battery (VRFB) firm CellCube, increasing it slightly to 27.6%.

Where is cellcube based?

"After having recently established a 100% wholly owned subsidiary in Denver, Colorado, CellCube's next preeminent project in North America is being realized", says Alexander Schoenfeldt, CEO of CellCube Austria and USA.

What's behind cellcube's acquisition with Ontario Alumina Partners?

CellCube just entered a financing facility with Ontario Alumina Partners. What's behind that deal? Basically we have gone on an acquisition spree, and at the same time what we're surprised with is the uptick that we are getting from the customer base in solidifying projects and really, we're looking at a hot autumn for projects.

What if EHL hadn't funded enerox?

If EHL had not funded Enerox with an aggregate of EUR3.7 million by 31 December 2021, Cellcube would have had the right to buy back for nominal value such proportion of 39 per cent of the share capital of Enerox as is equivalent to the shortfall in funding.
