

Product types: solar electric power systems, photovoltaic modules, inverters, DC to AC power inverters, rechargeable batteries, deep-cycle batteries. Address: No. 3, 16 St., Ahmad Ghasir Ave., Argentina Sqr., Tehran, Iran ; Telephone: +98 21 88733740-9; FAX: +98 21 88732696; Web Site: ; E-mail: Send Email to Faran Company

Home solutions of solar panels. Solar electricity generation systems come in many shapes and sizes. Residential systems are placed on the roofs of the buildings. During the day, solar panels convert the energy of the sun into the electricity that you need and store the surplus in the solar battery so that you can use solar electricity at night.

AzARBattery Co is one of the biggest car battery manufacturers in Iran. We produce various batteries from 50 Ah to 225 Ah. Our annual production is about 800. 000. we are ready to cooperate in any fields with Iranian and foreign companies. Business type: manufacturer; Product types: batteries automotive starting.

This company was introduced as the largest nationwide distributor of batteries in Iran during the years 2013 to 2019. In 2017, according to the needs of the market in the Iran and the Middle East, Aco Battery established a production plant by relying on the technical knowledge of its Employees and domestic and international consultants from ...

A solar battery is a device that is charged by a connected solar system and stores energy as a backup for consuming later. Users can consume the stored electricity after sundown, during peak energy demands, or during a power outage.
