

# Georgia 420w solar panel price

What are 420-watt solar panels?

420-watt solar panels are modules with an output rating of 420 watts. They are predominantly monocrystalline and usually have 72 cells or more. The efficiency of these panels varies from 15 to 22% depending on the manufacturer.

Is a 420 watt solar panel a good fit?

420 watt solar panels are a good fit for both businesses and homeowners. They generate more than enough power for residential use and are relatively easy to handle.
