What is SofarSolar?

SofarSolar is one of the prominent providers of energy storage solutions and is widely recognized as a reliable, efficient and professional partner. With a firm, long-standing position in China's top 5 string inverter manufacturers,

What are Sofar Solar solutions?

Sofar Solar solutions refer to on grid battery storage for single phase applications. They are also developed with the capability for EPS (Emergency Power Supply) for power back-up in the case of a power supply failure. This means that the SoFar systems are prepared for use in the event of power cuts.

Where is Sofar solar located?

To explore Sofar Solar's full profile, request access. This information is available in the PitchBook Platform. To explore Sofar Solar's full profile, request access. When was Sofar Solar founded? Sofar Solar was founded in 2013. Where is Sofar Solar headquartered? Sofar Solar is headquartered in Shenzhen, China. What is the size of Sofar Solar?

How much money does Sofar solar make?

The current revenue for Sofar Solar is 000000. How much funding has Sofar Solar raised over time? Sofar Solar has raised \$36.3M. Who are Sofar Solar's investors? Citi Asset Management, Contemporary Amperex Technology, SB China Venture Capital, Changjiu Group, and Co-Stone Capital are 5 of 11 investors who have invested in Sofar Solar.

Is the GTX 3000-h battery system compatible with sofarsolar?

The GTX 3000- H battery system is compatible with SOFARSOLAR's HYD 5K...20KTL hybrid and ME 5K...20KTL battery inverter series. Thanks to its specific mechanical design and click-to-connect power cables, the installation is both fast and user-friendly. With a lifetime of minimal 6000 cycles, the GTX 3000-H also makes for a sustainable investment.

What makes Sofar unique?

Founded in 2013, SOFAR has always insisted on independent innovation, established a global R&D network with three R&D centers and over 500 of its workforces assigned to R&D, thus gradually establishing the holistic technology and product R&D system.

SOFAR is a provider of all-scenario solar PV and energy storage solutions and is committed to being the leader of digital energy solutions. SOFAR supports the transition to renewable energy through a comprehensive portfolio including PV inverters range from 1 kW to 350 kW, hybrid inverters range from 3 kW to 20 kW, battery storage systems, C&I and utility ESS solutions, ...
