How much did greener power solutions invest in DIF?

Greener Power Solutions, the market leader in mobile battery rental, has raised an investment of EUR 45 million from DIF.

Who is greener power solutions?

We are Greener Power Solutions. A pioneer in the temporary energy market and the fastest-growing energytech in Europe. Our mission is to provide emission-free energy everywhere. That way, we accelerate the transition from fossil fuels to sustainable energy sources and enable organizations to take action towards a greener future.

Who is greener?

Greener was founded in January 2018 to make an impact on the CO2 footprint of on- and off-grid energy markets, using mobile batteries and smart energy planning. Read more about: Power your next project in the most sustainable way. Receive our product updates, projects, news and job offers four times a year. We deliver clean mobile battery power.

How does greener provide the power supply?

Last year, Greener provided the power supply through battery swapping: shuttling a battery back and forth to the festival site to discharge into an on-site battery, thus creating an energy supply even without a grid connection. This year, we expanded on that and brought some brand new innovations.

What is greener & how does it work?

Since its foundation in 2018, Greener has been providing sustainable mobile energy solutions by renting out mobile batteries. The fleet now consists of 60 batteries with a total capacity of 20 MWh.

How does greener save energy?

By replacing polluting diesel generators, Greener has already saved almost 1.5 million litres of diesel and 4.5 million kg of CO2 emissions in recent years. Moreover, Greener's self-developed software that controls the batteries helps customers to manage their energy consumption in a smarter and more economical way.

DIF Capital Partners (DIF), through the DIF CIF III fund, has announced the signing of a partnership agreement with Greener Power Solutions B.V. DIF CIF III will acquire a majority stake and provide capital that will allow Greener to develop its battery fleet in order to increase its service coverage in the Netherlands and abroad.

Greener Power Solutions, a company that provides mobile battery energy storage solutions, has raised EUR45mn in a fresh round of funding. The investment came from DIF Capital Partners, a Dutch investment

company with over EUR11bn under management.
