How does Guernsey get its electricity from France?

Mr Moulton, from the centre-right think tank the Guernsey Policy and Economics Group (GPEG), said: "You cannot decide on a strategy until you've worked out what our French supplier wants to do." Currently around 93% of Guernsey's electricity is sent through a cable via Jersey, from France.

How is Guernsey connected to the European electricity grid?

Guernsey is connected to the European Electricity Grid through a submarine cable link (via Jersey) into the Cotentin peninsula, due east of Jersey.

Is E&I planning a small windfarm off Guernsey?

Paul Fletcher, from renewable energy company Renew Guernsey, is also concerned about the direction chosen by E&I. He said the E&I proposals for a small windfarm off Guernsey would be very expensive, and in his opinion "not a good idea".

the wakespeed alt voltage regulator is a special component and priced right at ogm probably cheaper than other sources as i got the kit with shunt. correct me if i am wrong but i think ogm wrote their own software program for laptop use that codes the regulator as well as datalogs and has a much nicer interface than what i see wakespeed advertising. this software is an add on ...
