

# Liangdao energy storage official website

As the world's leading supplier of LiDAR systems, LiangDao can provide full-stack services for LiDAR mass production, and can provide customers with system solutions for long, medium and short-range LiDAR combinations, including: perception function development, testing & validation and post-production data services.

LiangDao Intelligence Names Dr. Shengguang Lei, the Software Leader of the World's First Mass Production LiDAR, as CTO. On October 1st of 2018, the former algorithm responsible of the world's one and only "mass production" and "vehicle standard" LiDAR development team, Dr. Shengguang Lei, officially joined LiangDao Intelligence as our CTO. Dr. Lei is an expert in ...

LiangDao Intelligence's customer base includes global well-respected automotive OEMs, well-known international automotive component companies, and leading Chinese technology companies in the field of autonomous driving. Together ...

On April 19, 2023, Shanghai, China: LiangDao, a global leading provider of Lidar systems, announced that it has entered into a strategic cooperation with one of the world's leading cloud service providers, Tencent Cloud.

Cloud platform architecture design, software and hardware installation configuration, data storage, data backup and other services. We support you to store and manage data efficiently and safe. ...
