

Malta pt lesso new energy

What is Lesso solar?

LESSO Solar, a flagship division of the LESSO Group, specialises in making solar panels, inverters, and energy storage systems, and providing new-energy solutions. We have a production capacity of 7GW for solar panels in early 2023, and expect a global capacity of over 15GW by the end of 2023.

What does Lesso do?

We pave the way for a new era of energy and lifestyles--accessible anytime, anywhere. From 405W-720W, LESSO covers the need of residential, industrial, commercial and utility-scale projects, provides more green energy to customers with full-automatic production lines and advanced technologies.

What is Lesso Singapore?

LESSO Singapore: This branch is a key hub in the Asia-Pacific region, focusing on market expansion, technical support and regional partnerships. With five production bases totaling 450,000m², we have a 15.3GW module and 6GW solar cell capacity.

Where is Lesso based?

LESSO China: Backed by the listed LESSO Group, our Chinese branch leads in photovoltaic and energy storage innovation, continuously enhancing production efficiency and quality for global market. LESSO Singapore: This branch is a key hub in the Asia-Pacific region, focusing on market expansion, technical support and regional partnerships.

What certifications does Lesso hold?

It holds certifications like UL, TUV, CEC, SNI, and TKDN. LESSO China: Backed by the listed LESSO Group, our Chinese branch leads in photovoltaic and energy storage innovation, continuously enhancing production efficiency and quality for global market.

The sales network of LESSO solar has covered Asia, North America, South America, Europe, South Africa, and the Middle East. Founded in 2022, LESSO Solar has been growing with spectacular pace. Expect a global capacity of over 15GW for solar panels and 6GW for solar cells by the end of 2023.

Discover the power of personalized solar energy solutions with LESSO. Join hands with us to illuminate a brighter and more sustainable future, one project at a time. The LESSO Centre for New Energy Projects is a global centre for creativity, expertise, and business solutions.
