

Mauritania inventus battery energy technologies

Rechargeable batteries are now extending far beyond providing power for small, portable devices and are expanding their adoption to larger motive and stationary uses. So what does this mean for Lithium-ion (Li-ion) batteries today?

For 60 years, Inventus Power has helped customers transition to new battery technologies. In our final staff interview commemorating our 60 year anniversary, Chris Turner (CTO), reflects on some of the company's major milestones and industry growth trends as well as shares his future outlook for Inventus Power.

Inventus Battery Energy Technologies Private Limited's Corporate Identification Number is (CIN) U73200TN2020PTC135315 and its registration number is 135315 s Email address is and its registered address is 9d Rite Choice, 3Rd Street, Beach Home Avenue, Besant Nagar, Chennai Chennai TN 600090 IN.

6 ???· Inventus Battery Energy Technologies is developing solid-state batteries that the Chennai startup plans to market by 2026. Ishan Patra 535 Stories Tuesday December 10, 2024, 6 min Read

Inventus Battery Energy Technologies Private Limited (IBETPL) is a registered startup operating as a Private Limited Indian Non-Government Company incorporated in India on 11 May 2020 (Four years and six months 14 days old). Its registered office is in Chennai, Tamil Nadu, India. The Corporate was formerly known as Inventus Bioenergy Private Limited.
