What is MN8 energy doing with Mercuria?

MN8 Energy has entered a strategic collaboration with Mercuria to explore commercial opportunities for future sustainable, affordable and reliable energy systems. The investment will facilitate the ongoing growth of MN8's portfolio across solar, storage and electric vehicle (EV)-charging projects.

Does Mercuria invest in the energy transition?

Historically, Mercuria focused primarily on upstream and midstream oil and gas assets. However, in 2021, we made a public pledge that by 2025, 50% of our investments would be in the energy transition. We're proud to say we're exceeding that goal, having actively invested in over 50 companies driving a lower-carbon, more sustainable future.
