

Who makes SoliTek solar modules?

SoliTek manufactures solar modules using 100% renewable energy, ensuring high durability and performance. Known for its advanced research, SoliTek provides tailored solar solutions to residential, commercial, and industrial sectors, with products exported to major European markets, including Germany and Sweden.

What is SoliTek?

Welcome to SoliTek product page, where cutting-edge solar solutions meet European craftsmanship. Solar Panels: Elevate your energy game with our premium European solar panels, combining efficiency and aesthetic appeal for a sustainable power source.

Who is SoliTek Nova?

The Northern-European solar technology leader |SoliTek is Northern Europe's largest solar module producer, proudly delivering the world's most sustainable solar modules and manufacturing smart battery SoliTek NOVA.

Are SoliTek solar modules environmentally friendly?

SoliTek's solar modules are entirely environmentally friendly since their panels are the world's first to receive the "Cradle to Cradle" Gold certification. This certification verifies that solar modules comply with the highest environmental sustainability standards, energy efficiency, and social responsibility requirements.

Are SoliTek glass solar panels green?

SoliTek glass solar panels obtained the Cradle to Cradle GOLD certificate in 2023, confirming their status as the "greenest in the world." SoliTek is an expert in Building integrated solar (PV) solutions (BIPV). We have solar modules ready for integration into the roof, balcony, facade.

What can SoliTek do for You?

SoliTek specializes in providing a glass glass solar module tailored to various applications. Our offerings include integrated solar panels for walls or roofs, solar carports, and panels designed for optimal transparency in greenhouses.
