

Moment energy Puerto Rico

Who is moment energy?

About Moment Energy Moment Energy is North America's leading EV battery repurposing company creating clean,affordable,and reliable battery energy storage systems (BESS) by repurposing retired electric vehicle batteries.

Why should you choose moment energy?

Moment Energy's footprint across North America demonstrates proven success in delivering clean,affordable,and reliable battery energy storage systems. Be part of Moment Energy's mission to provide clean,affordable,and reliable battery energy storage. Why Choose Moment Energy's Flora BESS? Affordable solution,at a fraction of the cost.

What is moment energy Gigafactory?

Moment Energy will use the funding to construct a state-of-the-art Gigafactory in Taylor,Texas to produce safe,reliable,and affordable battery energy storage systems from repurposed EV batteries. Work will be initiated in Q1 of 2025 to prepare for the design and development of the facility. Key highlights of the Gigafactory development include:

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized,multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

What is moment energy repurposing EV batteries?

By safely and efficiently repurposing EV batteries,Moment Energy is pioneering a circular economy approach that extends the lifespan of critical battery materials. The project will also contribute to the Justice40 Initiative,spurring economic revitalization in Taylor,TX and surrounding disadvantaged communities.

Is moment a UL certified repurposed Battery Company?

In October of 2023,Moment also became the first North American company to secure UL 1974 certification,which sets rigorous safety standards for repurposed battery systems. "Once we prove out those projects,we're essentially going to be opening the doors to thousands of other projects in the same space.
