

Movable power storage rack hd picture

How much weight can a movable racking rack hold?

Up to 60,000 lb(27,216 kg) per double deep rack sections with tandem carriages. OPTIONAL - Up to 30,000 lb (13,608 kg) per single deep rack section. With SAFERAK® 60P powered movable racking system, open up more space by transferring your racking to heavy-duty industrial mobile carriages.

What is the best powered mobile racking system?

If performance is your main criteria, SAFERAK® is the most reliable powered system on the market, providing the highest quality and most durable components on the long term. SAFERAK® 60P industrial heavy-duty powered mobile racking systems offer several unique features such as: A 60,000 lb (22,216 kg) load capacity per double rack sections.

How do Movirack mobile storage racks work?

The racks are mounted on motorised mobile bases that move laterally along rails. Mecalux's Movirack mobile storage racks optimise the volume occupied by the storage system. That is, the racking units come together or separate in a completely controlled way, opening only the working aisle required at any given time.

What is saferak® 60p heavy-duty powered mobile racking system?

SAFERAK® 60P heavy-duty powered mobile racking system, of industrial level, enhances efficiency and productivity by optimizing storage space. This high-capacity, high-performance solution can free up over 50% of your existing storage area by compacting your racking and creating more room for production and other activities.

Are movable storage racks better than pallet racking?

Increased storage capacity: movable storage racks provide 80 to 120% more storage capacity compared to conventional pallet racking. Direct access: this is the only high-density storage system allowing direct access to all stock stored.

What are movable & powered storage systems used for?

Their versatility makes them the movable and powered storage of choice for any industry : vertical indoor farming, aerospace, libraries, automotive, defense, distribution centers, food, beverages, manufacturing and pharmaceutical plants, educational institutions, police departments, museums, libraries, etc.
