

# Norfolk Island bboxx products

What is bboxx?

Bboxx is a data-driven platform that provides innovative technologies and financing for energy access for millions of people across Africa. Through a range of clean energy products, Bboxx is catalyzing economic development and making progress on the Global Goals.

Who is bboxx Cook?

CCA spoke with Louis De Muylder, Head of Bboxx Cook, the clean cooking product line of Bboxx, about the organization's progression as a clean cooking company, flagship products and technologies, and successes in scaling clean cooking gas across Africa and beyond.

How is bboxx transforming Africa's utility sector?

Following the successful acquisition of PEG Africa, Bboxx is making good progress on its ambition to transform the continent's utility sector through its increased presence in West Africa and by being a driving force behind access to goods and services for underserved communities.

Can bboxx replace LPG?

De Muylder: Bboxx's vision for clean cooking is scaling LPG in Africa as a transition fuel from charcoal to the next fully green fuel. Hopefully, in 20 years there will be a sustainable substitute for LPG. Once proven and cheap, it can replace LPG and scale using the same infrastructure. With it, our vision may change.

How is bboxx accelerating product diversification?

In addition to the business integration that is being underpinned by Bboxx Pulse, Bboxx's proprietary fully integrated operating system, Bboxx is focused on accelerating product diversification and the company is raising new financing to fuel growth ambitions.
