Use off-grid solar panel systems to generate electricity for your cabin, tiny home, or RV. At SRB Energy, we offer a range of complete kits that make it easy to get started with solar in Canada. Why Choose Off-Grid Solar?

What is an off-grid solar power kit?

Our off-grid solar electric power kits are designed for years of reliability and the safety and protection of your family. Tailored for life in Canada, these kits feature all-weather solar panels that are appropriately sized to meet your local conditions, ensuring a consistent supply of solar energy throughout your home.

What is an off-grid solar panel system?

When we talk about "the grid", we're referring to the power grid that supplies the homes, businesses, and vehicles in your community with electricity. When you set up an off-grid solar panel system, you will be entirely disconnected from that power grid. You won't be able to send or receive electricity from it.

Does solarwyse offer off-grid solar systems in Canada?

AVAILABLE NOW! Off Grid Systems Canada designed for our cooler climate. At Solarwyse, we offer complete support for installation and operation of self-sustainable off-grid solar system kits for households in Canada. Call us Toll free at 1-888-402-4376.

Is off-grid solar illegal in Canada?

No, off-grid solar is not illegal in Canada. In fact, Canada is one of the leading countries in the world when it comes to renewable energy, and many homeowners across the country have installed solar panels to generate their own electricity and live off-grid.
