

Pager power Barbados

Who is Pager power?

Pager Power are specialists in assessing and solving worldwide planning issues for the Wind, Solar PV, Energy and Property sectors. We have been proudly serving for 20 years.

What makes pager power a good company?

Our technical analysts are supported by an experienced and dedicated customer service team. We pride ourselves on delivering excellent Customer Service. Pager Power is committed to reducing its Greenhouse Gas emissions. Employees are encouraged to minimise emissions from their commute to and from work.

What's new at pager power?

Earlier this year, Pager Power began offering a new service to developers in the form of Daylight Sunlight Assessments. This included the development of our own bespoke model that complied with BRE and British Standards guidance to ensure accuracy and compliance with best practices.

Does pager power have a dog?

We pride ourselves on delivering excellent Customer Service. Pager Power is committed to reducing its Greenhouse Gas emissions. Employees are encouraged to minimise emissions from their commute to and from work. At Pager Power we've always welcomed dogs in the office. Pager Power's dogs make the office a more enjoyable and relaxed place to work.

Founded in 1997 as a technical consultancy for electricity companies, Pager Power has evolved its offering and now employs experienced technical analysts consultants who are joined on an ad hoc basis by specialist consultants. The ...
