

Pixii home Norfolk Island

Pixii Home enables homeowners to get more out of solar energy, cut electricity bills with smart energy saving functionality, and generate income by renting out battery capacity to support the local grid through ...

The Pixii Home battery has a capacity of up to 20 kWh. It can cover a significant part of your home's energy needs, especially for smaller to medium-sized households. A 20 kWh Pixii Home battery, when used together with solar panels, can significantly reduce dependence on the grid and provide extra power during periods when electricity cost is ...

Pixii Home combines the simplicity and elegance of Nordic design and the toughness of Viking endurance. It is designed for outdoor installation with an industrial- strength metal casing and is backed up by a 10-year warranty for enduring reliability. Begin with 10 kWh and expand up to 20 kWh as your energy demands or family grows.

Our interactive sessions provide the knowledge you need to install, maintain and commission our Pixii Home residential Battery Energy Storage System (BESS). Complete the training, pass the exam, and expand your product offering in the future of energy solutions.

Pixii Home is a modular energy storage which allows you to add more capacity as your energy need increases. We are very proud of our Nordic roots where powerful innovation is paired with a functional and clean exterior design and our user-friendly app to control, manage and monitor your energy storage. The base model comes with 10kWh
