

The government's dissolution of Power Market Ltd (PML) signals further disarray in Malawi's power sector. Some insiders and developers who spoke to African Energy didn't lament the single-buyer's demise, but serious macroeconomic difficulties pose severe challenges for an industry as the power crisis continues, writes Marc Howard.

Power Resources International. Situated in the beautiful hills of Rwanda's western province, the Ngororero district is home to a number of Lithium-Caesium-Tantalum, (LCT), pegmatite deposits, of which, we have carried out feasibility studies on two brownfield sites: Muriro and Rukaragata.

Power Resources International Ltd information We are a British based critical metals producer focusing on the high purity oxides and refined metals required in the transition away from fossil fuels. Our strategy, to create an equitable supply chain, places our hydro-metallurgical refinery alongside our mines in Rwanda.

In a strategy that has been dubbed power plant diplomacy, Beijing is helping to develop African infrastructural projects in an apparent attempt to gain control over a wide array of natural resources, from oil and gas to copper and iron ore. Globeleq had originally planned to develop the Memve"ele project.
