For decades, remote communities in Tajikistan's Viloyati Mukhtori Kuhistoni Badakhshon (VMKB) have lived without access to reliable, affordable, and secure electricity. The Murgab District in VMKB is situated in a harsh environment with communities living 3,600 meters above sea level in bitterly cold and inhospitable conditions.

Tajikistan's electricity needs are largely supplied by hydroelectric power thanks to its abundant water resources, namely the rivers Amu Darya and Syr Darya with a total length of 28 500 km, as well as several glaciers with a total volume of 845 km³; (MEWR, 2021a).

After a year of trading under new ownership, GMI Power Solutions Ltd is now GET Power Solutions Ltd. We are rebranding to create a new and updated identity, to re-align our mission, values and target audience as we add new products and services to our portfolio.
