

Romic solar Jamaica

Is it worth getting a solar power system in Jamaica?

This calculation will show you how many hours of sunshine your photovoltaic system will get in one year. If the resulting value is below 6,000, it is not worth getting a solar power system for your home. 2. Find which Jamaican solar company is more affordable but still does quality installations

How to find a solar company in Jamaica?

Go on google and search for solar companies in Jamaica, make a list of them and call them. Contact at least five different companies to get prices for their services. An important tip is to never mention that you are looking for the best price. Always act interested in buying their products but don't be too pushy about buying right away.

Is Romic consulting a good company?

The staff (Henrico van den Berg) was well informed about the products, friendly, and eager to render a service. The contracted electrician, Charl Smit, and his team were evenly competent and 'user-friendly'. I will certainly recommend Romic Consulting to anybody interested in going solar. Profes... Great company to do business with.
