

# Shell bess Bouvet Island

Will shell pay the owners a fixed fee for Bess?

Shell will pay the owners a fixed fee for the BESS and keep all the upside. It may be the first tolling deal of this size for a single asset, but the first major UK tolling deal announced in the UK was by Gresham House and Octopus Energy for a 568MW portfolio of operational projects earlier this year.

What is shell's Bess deal with Penso power?

The deal is the first long-term tolling agreement for a single BESS asset in the UK, providing a new revenue structure template for future BESS opportunities across Europe. Under the agreement, Shell will trade the BESS into a range of ancillary services and wholesale markets, paying BW ESS and Penso Power a fixed fee.

What is Bess & how does it work?

The technology combines a 2.5MW power conversion system and a 5MWh battery into a single container, allowing the site to take up a relatively small area. The site is to be commissioned in the fourth quarter of 2024 and is expected to be the longest duration BESS site in the UK.

1964 Expedition. Because of its location, weather researchers have long thought it a great place to put a weather tower. On 2 April 1964, the Royal Navy's Antarctic ice vessel HMS Protector was sent to the island to ...
