

Sierra Leone seplos 280l

I ask because this seems to be the very latest revision of the 280L and has the mid-pack compression shelf, the V3 BMS, and the active balancer. All these are pre-installed, including the foam and cell tap PCBs on the mid-cell span brackets.

I'm considering building a DIY energy storage solution and came across the Seplos Mason 280 48V 16S stackable battery kit. With its modular server rack design and built-in Seplos BMS, it looks like a great option, especially since ...
