

Will Slovakia support natural gas transit through Ukraine in 2025?

By Newsbase Slovakia's biggest gas supplier SPP announced on December 17 it had signed a declaration with other energy companies and industry groups in Slovakia, Hungary, Austria and Italy on supporting continued natural gas transit through Ukraine in 2025.

What happened to Slovakia's energy supply?

Although Slovakia is a significant producer of nuclear and hydroelectric energy, its biggest energy provider made a costly decision to sell off its excess power to energy traders early in the year. These traders are now selling the contracts back to Slovakia at market prices that are about five times higher.

Does Slovakia still rely on Russian energy?

Slovakia is still dependent on Russian energy, but sending weapons to Ukraine is 'a matter of principle,' says energy official. Despite an EU effort to wean the bloc off Russian energy, Slovakia still gets 60 percent of its natural gas from there |Felip Singer/EPA

Why is Slovakia selling its energy contracts to energy traders?

Although Slovakia is a significant producer of nuclear and hydroelectric energy, its biggest energy provider made a costly decision to sell off its excess power to energy traders early in the year. These traders are now selling the contracts back to Slovakia at market prices that are about five times higher.

Is Slovakia's economy at risk of 'collapse'?

Brussels | Slovakia's prime minister says soaring electricity costs have left his country's economy at risk of "collapse", in the starkest comments yet by a European Union leader on the effects of the global energy crisis.

Will Russia's invasion of Ukraine kill Slovakia's economy?

In an interview published Wednesday, the Slovakian leader said the huge increase in prices following Russia's invasion of Ukraine would "kill our economy" unless Bratislava receives billions of euros of support from Brussels. Heger added that he would be forced to nationalize the country's power supplies if the support was not forthcoming.
