

Solar system srilanka Guernsey

Our residential solar systems are designed to harness the power of the sun, providing you with clean energy and reducing your electricity bills. Whether you're considering rooftop On-Grid or Hybrid solutions from 3kW to 20kW, we've got you covered.

System installation begins with installing solar panels on the roof including solar power optimizers and attaching panels. Our electrical experts will then connect the optimizers to the inverter and to your circuit breaker box which generates electricity to your home or business.

Partnering with suppliers such as JA Solar, LONGi Solar, SMA, Canadian Solar and ABB, Hayleys Fentons provides end-to-end solar power systems in Sri Lanka in the most customer-friendly way, by facilitating solar loans and providing ...

Lanka Solar is your neighborhood operated solar power provider. Our Technical team will personally assist you in choosing an efficient and affordable system that best meets your needs, and provides sustainable energy for our community.

A Grid-Tied system is by far the most common type of residential PV system as well as the simplest and least expensive it connects to the electric utility Grid (CEB or LECO) and uses the grid for storage and backup of solar energy produced by the PV system.

Typically it will take 1 to 3 days for a residential solar system, depend on the system size. Our team of engineering experts will install solar system & we will also facilitate the documentation with CEB or LECO to make the entire installation process a hassle-free.

Partnering with suppliers such as JA Solar, LONGi Solar, SMA, Canadian Solar and ABB, Hayleys Fentons provides end-to-end solar power systems in Sri Lanka in the most customer-friendly way, by facilitating solar loans and providing warranties of up to 25 years for our solar power systems.

All our solar system projects are fitted with durable and conversion-efficient solar panels to ensure that our customers receive long-lasting solar systems. The solar panels we use have been thoroughly checked and verified in their ability to withstand Sri ...

Hayleys Solar has the capacity to provide an end-to-end, in-house solution for a solar system with a HT interconnection. Here's how we carry out our solar panel installations in Sri Lanka, step by step:
