

Solar tnb package Jordan

Does TNB offer gsparx solar financing?

In a statement today, TNB said to enhance the accessibility of its solar packages, GSPARX has partnered financial institutions to offer a range of financing options which include a 36-month interest-free installment plan via a credit card or a loan with a repayment period of up to 10 years.

Should solar energy be exported to TNB?

During the day,the basic appliances which consume electricity should be powered by solar energy,with excess solar energy being exported back to TNB. During the night,as there is no solar generation,homeowners will be importing electricity from TNB.

How much energy was exported from TNB?

In the TNB bill below,it shows that an excess of 997kWh of energy was exported. Although it doesn't have an immediate impact on this bill,it will be credited and deducted from the subsequent month's total. And there you have it!
