

Sun power center srl Papua New Guinea

Papua New Guinea has the perfect climate for solar, and is the key to achieving an ambitious government plan to bring electricity to the 70 per cent of Papua New Guineans who currently don't have access by 2030, according to Rick Hooper, Chief Executive Officer of Sydney-based solar company, Barefoot Power.

100 pcs of 340W mono solar panels were installed on a flat roof with angle adjustable mounting rack to make most use of sun power, MPPT solar charge controller connected with 48 pcs of 200Ah gel batteries, a 30kW off grid inverter provides 3-phase 380V power supply.

Solar Solutions PNG is a leading organization dedicated to transforming the lives of people in Papua New Guinea through the power of solar technology. Our mission is to create a prosperous nation where every individual has access to the essential technologies needed to lead healthy lives filled with dignity and opportunity.

At DSEnergy PNG, our mission is to illuminate Papua New Guinea with sustainable solar power solutions, empowering communities and businesses alike. We are dedicated to pioneering renewable energy initiatives that transcend geographical barriers, fostering environmental stewardship, economic growth, and social progress.

Solar Energy Solutions PNG is providing solar power solutions across Papua New Guinea and is working with Government, NGO's, private companies and individuals to bring essential lighting and power to rural communities throughout PNG.

LOCATION: Tubuserea, Central DATE: 2022 Solar Solutions Papua New Guinea, in partnership with Tubuserea Youth and community supplied solar powered systems to Tubuserea Health Centre, to meet dire electricity needs. The project was funded by Australian Volunteer Impact...
