

Sweden google sunroof

Who is sunroof?

Led by co-founder, CEO, and serial entrepreneur Lech Kaniuk (Delivery Hero, PizzaPortal, and iTaxi), SunRoof delivers the most powerful building-integrated solar roofs on the market today. The company offers 2-in-1 solar roofs and innovative features that optimize the decentralized electricity generation of a building.

Does Project Sunroof have solar data?

We currently have solar data for portions of 50 states and Washington DC. See if we've got you covered. Project Sunroof is a solar calculator from Google that helps you map your roof's solar savings potential. Learn more, get an estimate and connect with providers.

Who owns sunroof?

Headed by two brothers, Karol Kaniuk and CEO Lech Kaniuk, SunRoof offers powerful building-integrated solar roofs and has been pioneering the market space since 2013.

Why should you choose sunroof?

At SunRoof, we're making solar energy accessible to all. Our integrated 2-in-1 solar roof system combines Swedish design with the most powerful solar solution. Perfect for new constructions, renovations, and commercial projects. Join thousands of satisfied customers who have switched to SunRoof for a more sustainable lifestyle. Why SunRoof?

What is a sunroof roof?

The most efficient solution on the market, providing independence from rising electricity prices and translating into greater savings. Cheaper than a regular roof plus PV panels, SunRoof is an economical and aesthetically pleasing solution.
