

What types of batteries does Jauch offer?

Today, we offer a wide range of primary lithium batteries and rechargeable battery systems. Many of our batteries are available directly from stock. Customized battery systems with a battery management system. Jauch provides complete solutions for your battery system according to your requirements.

What solutions does Jauch offer?

Jauch provides complete solutions for your battery system according to your requirements. Standard cells and customized packs, from simple cells to intelligent battery packs for the most demanding applications. Individual Solutions We take care of special requests for design-in as well as all relevant safety aspects.

Where are Jauch batteries made?

Manufacturing in Villingen-Schwenningen Jauch production in Villingen-Schwenningen: Customized battery packs for medical or safety technology or the automotive industry, for example, where special requirements often have to be met, are manufactured here in ESD-protected rooms.

Where can I learn more about Jauch battery solutions and frequency control products?

Visit us at booth A5.502 to learn more about our battery solutions and frequency control products. Jauch is expanding its range of high-performance lithium ion round cells with two new designs: LI18650 and LI21700. These new cells are ideal for medical technology, power tools and industrial applications.

What does Jauch do?

Jauch provides complete solutions for your battery system. Jauch develops and manufactures custom battery packs and offers a wide standard range of immediately available batteries. Jauch develops and manufactures custom battery packs and offers a wide standard range of immediately available batteries. Home Contact Newsletter facebook linkedin xing

What is Jauch frequency control?

Jauch provides complete solutions for your battery system according to your requirements - standard cells and custom packs, from simple cells to intelligent battery packs for the most demanding applications. Jauch Frequency control products are produced and configured according to the highest quality standards.

Whether a standard product or individually tailored special solution with battery management system, Jauch's battery experts deliver the right solution for almost all requirement profiles. The in-house test center also ...

Jauch can offer complete battery solutions for your system according to your technical requirements - from standard batteries using single cells to multi-cell, customized packs with intelligent microprocessor control for ...

We are proud to be showcasing our innovative battery solutions, from highly customizable lithium ion and lithium polymer cells, high-energy-density lithium thionyl chloride batteries to our own ...

Maßgeschneiderte Batteriesysteme mit Batterie-Management-System. Jauch bietet Komplett-Lösungen für Ihr Batteriesystem entsprechend Ihren Anforderungen - Standardzellen und ...

Jauch offers a variety of reliable technological solutions: Lithium ion or lithium polymer batteries, single-cell batteries or multi-cell battery packs, simple electronic protection circuits or ...

Battery Technology. Jauch provides complete solutions for your battery system according to your requirements - standard cells and custom packs, from simple cells to intelligent battery packs ...

Jauch Quartz eröffnet die Jauch-Battery Academy - ein Kompetenz- und Schulungszentrum für Batterie-Technologie. Doktoren der Chemie und Batterie-Experten geben ihr Wissen durch ...

Jauch offers a comprehensive range of services in order to provide you the best batteries for your applications, including cell selection, safety electronics, battery management system and ...
